(NaturalNews) The democrats have bribed electoral college representatives to "fix" the election outcome in favor of Hillary Clinton, admits George Soros in a recently unearthed video. Soros, the same globalist terrorist who funded Black Lives Matter executions of police officers in Dallas -- and who also funds hundreds of liberal websites and violent activist organizations who staged violence at Trump rallies to blame Republicans -- says in the video that Trump will win the popular vote in a "landslide" but that he will lose the electoral vote because it's already a "done deal" for Hillary Clinton.

From the video on [TopRightNews.com](http://TopRightNews.com):

*SOROS: It's going to lead to a landslide for Donald Trump in the popular vote, not in the electoral vote, because there, paid political announcements will have a big role... the popular vote will be a landslide because we are a small minority of extremists... I don't think that Donald Trump has any chance of being elected.*

*REPORTER: But you think that Hillary Clinton is a done deal?*

*SOROS: Yes.*

This astonishing revelation confirms what Dave Hodges recently told me in an interview: That **electoral college representatives ("Electors") are being approached with bribes to buy their final votes.**

Watch the Soros video here:

## **Yes, Electors can be bought off to vote for anyone they want... democracy be damned!**

Via [Archives.gov](#):

*There is no Constitutional provision or Federal law that requires Electors to vote according to the results of the popular vote in their states. Some states, however, require Electors to cast their votes according to the popular [vote](#).*

*The U.S. Supreme Court has held that the Constitution does not require that Electors be completely free to act as they choose and therefore, political parties may extract pledges from electors to vote for the parties' nominees... The Supreme Court has not specifically ruled on the question of whether pledges and penalties for failure to vote as pledged may be enforced under the Constitution. No Elector has ever been prosecuted for failing to vote as pledged.*

You might be shocked to learn that **only 29 states require Electors to cast their electoral votes in accordance with the popular vote of their state.** Those 29 states, [listed here](#) are:

Alabama (Code of Ala. SS17-19-2)  
Alaska (Alaska Stat. SS15.30.090)  
California (Election Code SS6906)  
Colorado (CRS SS1-4-304)  
Connecticut (Conn. Gen. Stat. SS9-176)

District of Columbia (SS1-1312(g))

Hawaii (HRS SS14-28)  
Maine (21-A MRS SS805)  
Maryland (Md Ann Code art 33, SS8-505)  
Massachusetts (MGL, ch. 53, SS8)

As that same page writes:

*Over the years, however, despite legal oversight, a number of electors have violated their state's law binding them to their pledged vote. However, these violators often only face being charged with a misdemeanor or a small fine, usually \$1,000. Many constitutional scholars agree that electors remain free agents despite state laws and that, if challenged, such laws would be ruled unconstitutional. Therefore, electors can decline to cast their vote for a specific candidate (the one that wins the popular vote of their state), either voting for an alternative candidate, or abstaining completely.*

## **The same corrupt democrats that have rigged the debates, rigged the polls, rigged the news media and rigged the justice system are now about to STEAL the election through bribery of Electors**

Now it's all becoming clear. Having failed to destroy Donald Trump despite the world's most vicious barrage of lies and defamatory news slander, George Soros and the corrupt democrats have **bribed enough Electors to "lock in" a victory for Hillary Clinton no matter what happens on election day**.

What you're going to see the night of Nov. 8th, in other words, is **a landslide popular vote victory for Donald Trump**, immediately followed by electoral votes handing the official election **victory** to Hillary Clinton.

The theft of the presidency will be achieved thusly. And as you might expect, **the American people are going to REVOLT** en masse.

## **We the People will not accept the theft of power and the nullification of democracy**

We the People will not accept the theft of power by a corrupt, criminal regime run by deceptive leftists who lie, cheat and steal their way to power at every election. The **bribery** of Electors is, of course, the **nullification of democracy in America**, since it means wealthy globalists can simply buy off the electoral votes and put anyone they want into the White House... the voters be damned.

When the American people realize their votes have just been nullified through massive bribery and corruption, they are going to revolt like we've never seen before. They will take to the streets in protest, and the greater the margin of victory in the popular vote by Donald Trump, the more angry the voters are going to be.

We have quite simply reached the point in American history where **the people will no longer tolerate the theft of power and massive election fraud** that's now routinely pursued by democrats (and especially Clinton operatives). If this election is stolen by George Soros via the bribery of Electors, I anticipate a full-on revolt where the military, the police and the citizens storm Washington and depose the corrupt Obama / Clinton regime and install the proper election winner as President. That would be Donald J. Trump, of course.

Frankly, We the People have every right to **demand that democracy be restored**. It is time to take America back from the thieving, lying commie bastards running the democrat party today.
